A long range work program has begun at the City Hall. Plans provide for considerable renovation of the building and landscaping of the grounds. Bushes were being planted Monday and the interior work will be underway in the very near future.

Kips Food Market became a theater last week. That's a fact. The television stationed above the meat department was the attraction for upwards of one hundred fifty people as they watched the Davey-Kid Gavilan fight Wednesday evening. One little old lady was quite indignant because the management didn't provide chairs but she made the best of the situation by climbing up on a case of puffed wheat, from which vantage point she cheered the Kid on to victory.

Wibby's Carousel is open again. The food, the fun and Wibby's congeniality is at its peak and those who like their filet sprinkled with laughter will enjoy a visit to this pleasant emporium.

The boys in "The House That Jack Built" are real comics. One of them was telling me the story of the American firm which unfactured platinum wire. They made it spider web in circumference and sent a sample to Switzerland, expecting loud compliments on their ingenuity. But alas, a few weeks later the wire was returned with a hole bored through it.

Baby is lost! a little blue parakeet is winging its lonely way over Carmel. Anyone catching same would accommodate the Spectator by calling their office. Baby can be identified by observing whether or not he or she, as the case may be, will eat bread crumbs from its benefactors lower lip.

Does anybody know anything about a man named Roeder Stinson? An eastern insurance agency is looking for him. It seems Mr. Stinson has an annuity due him. He is supposed to live here on the peninsula, but no one can find him. Can you? If you can please get in contact with one of the librarians at the Harrison Memorial Library.

Art McEwen made a tri down the coast last weekend to get some photos. The day he left the weather was crystal clear, but when he found himself surrounded with beauty, the fog rolled in. So no photo!

A fellow told us about the jade hunters that hang out down below the Big Sur. "They act like a bunch of escaped convicts, or French postcard sellers", he said, "peering around rocks and acting like you are out to do them bodily harm. Furtive is the word."

Two young girls get their name in print for the first time this week. They are: Joan Evelyn Di Beve, born February 9, at the Carmel Community Hospital, and Barbara Smith, born on the same day at the Monterey Hospital, Ltd.

The Carmel Pistol Club shot it up last Saturday night. The club held its annual Winter Meet in the basement of the Standard Station. They got started at 5 PM and had a bang-up time from what I hear.

The Carmel Women's Democratic Club will meet Wednesday, February 25th, to elect new officers and consider new by-laws. The meeting will be held at the home of Mrs. William Arley Smith, 2nd and Dolores, at 3:30.

Board members wish to point out that the organization is actually Peninsula-wide, and all interested Democratic ladies are welcome to come.

Punch and cookies will be served.

Peninsula Pets, Inc., will hold a food sale on Saturday February 28, at Purity Food Market. This organization is a charity organization, devoted to the rescue and care of unwanted and stray animals. Good homes are found for these "unwanted ones", and all workers are volunteer.

Those wishing to contribute one of their "specialties" in the way of food, please contact Peninsula Pets, 74409, or Harriet Staver 76973. LET'S GIVE THIS WONDERFUL CAUSE SOME HELP!

Personalities

DR. HOWARD W. ZELHOFER

Two new permanent residents of the area are John A. and Dr. Howard W. Zellhoefer who recently established their new home in Carmel Highlands. John A. and his wife and family arrived last month from Pittsfield, Mass., while his brother Dr. H. W. arrived at the same time from Spokane, Wash.

Neighbors and new acquaintances are already slightly confused and generally end up asking "Now are you the Colonel or the Doctor?" Clearing up the confusion is quite simple. Dr. H. W. was until recently a Colonel in the Air Force. He and the former Dr. Florence Buel of San Francisco were married at the Church Of The Wayfarer in Carmel. Thus the new families are Mister and Missus, and Doctor and Doctor.

John A. Zellhoefer recently purchased the Culligan Soft Water Service business for Monterey, Pacific Grove, Seaside and Fort Ord. The Doctors have taken a suite of offices in the new Perry Building between 5th & 6th on Dolores in Carmel and will soon have their professional "Shingles up at that address."

Both Dr. Howard W. and John A. were born at Parker, S. D. and received their early education in that state. John A. graduated from the Wharton School of Finance and Commerce of the University of Pennsylvania, and since that time has been engaged in the industrial chemical business. He held sales executive positions with the Limestone Products Corp. and Allied Chemical & Dye Corp., and for the past four years has been Manager of Marketing of the Chemical Materials Dept. of the General Electric Company at the Division's executive offices at Pittsfield, Mass. He is a member of the American Chemical Society, The American Association of Management, National Sales Executives, and until recently served the Federal Government in Washington, D. C. on both O.P.S. and N. P. A. Industry Advisory Committees. He is married to the former Vivien Matheson, a graduate of Mt. Holyoke College and a sustaining

member of the Pittsfield Junior League. They have three children

Jerry and Judy, students at the Bay School, and Johnny, who made quite a name for himself as the Junior Tennis Champion of Western Massachusetts.

Dr. Florence Zellhoefer received her degree in Medicine at the University of California, after obtaining her B. A. and Master of Science degrees at the same institution. She did her Internship at the University of California Hospital, and then became a Chest Clinician for the San Francisco Dept. of Public Health, a Staff Member of the Univ. of Calif. Hospital and established her practice specializing in tuberculosis. After her marriage to Dr. Zellhoefer she continued her office in the 450 Sutter Bldg. while her husband completed his tour of duty with the Air Force.

Dr. Howard W. graduated from Harvard Medical School and continued his studies in surgery at the Passavant Memorial Hospital in Chicago. He became a Fellow in Surgery at the Mayo Clinic in Rochester, Minn. In April 1941 he was called to active duty in the military and served subsequently as Chief of Surgical Services, and Commanding Officer of several General Hospitals in both the Pacific and European Theater of Operations. He became Surgeon for the 20th Air Force in the Far East in 1941 and then returned to the States after seeing action in the Korean section. Dr. H. W. is a Fellow of the American College of Surgeons and the International College of Surgeons, in addition to other professional affiliations.

ORGAN VESPERS

The first in this year's series of Organ Vespers at the Church of the Wayfarer was presented on Wednesday, February 18th at 6:15 PM. Connell K. Carruth was the organist and John W. Farr the baritone soloist. The 45-minute program of music on seven successive Wednesdays is open to the public.

PEBBLE BEACH NOTES

Captain and Mrs. Leonard Kirby have returned to their Pebble Beach home following a lengthy sojourn in Florida.

Mr. and Mrs. Thomas A. Work, Jr., of Pebble Beach spent last week in Las Vegas on a brief vacation.

Sunday, February 15, at 1:30 3-weeks-old Eleanor Jane Hubbard will be baptized by Monsignor Michael D. O'Connell at the Carmel Mission.

Acting as godmother will be Miss Janet Folsom of Pebble Beach and Mr. Raymond Sweeney of Burlingame, the young lady's first cousin, will be godfather.

Mr. and Mrs. William H. Hubbard of Pebble Beach are the infant's parents, and Mrs. Arthur Milhaupt of San Mateo her maternal grandmother, will be on hand for the christening.

Mrs. Ettie Crist of Oakland was at Pebble beach Saturday to celebrate her nintieth birthday with her son-in-law and daughter, the Arthur P. Nothoffs, who are currently occupying their Pebble Beach home. The Nothoff's were hosts at a luncheon at the Beach Club Saturday, in Mrs. Crist's honor.

Editorial . . .

Some of the Democratic leaders are charging the present administration with attempting bludgeoning our allies. To us this seems to be irrelevant talk.

The charges are made because of the fact that the present administration is attempting to make something more than riddles out of the Korean situation. In so doing they naturally run into differences of points of view with the British. The latter appear to be wedded to the idea of containment of Communism. They fear, and naturally, the extension of the Korean conflict into a world conflagration and thus render opposition to a program which is designed to bring this conflict to a close in the shortest possible time.

We believe the differences can be ironed out. We believe that a peace at this time would be welcomed by the British as enthusiastically as by any other people. How it can best be accomplished is the bone of contention.

In a matter as important as this, questions must of necessity, be thoroughly discussed. Facts must be faced. That seems to be what Mr. Dulles is doing.

British leaders, like American leaders, are intelligent. These seeming differences can and will be brought into true perspective and focus. In the end both sides will make concessions. But what is going on now appears to us as being necessary before specific steps,—steps with at least an opportunity of leading to positive and constructive action, may be expected.

The present program seems to be positive. It differs from those of the past in that it has foundations bedded deeper than those of wishful thinking.

We believe the Korean conflict can and will be settled and that eventually Britain will endorse and participate in the plan which brings this result.

SUBMARINE TO OPERATE IN MONTEREY BAY

The radar picket submarine, USS SPINAX (SSR 489) will be operating in the vicinity of the Monterey Peninsula until February 26 conducting training exercises. She will anchor in Monterey Bay periodically for shore leave and liberty. The Commanding Officer is Lieutenant Commander p. L. Vissat, USN.

SUMMER WHITE HOUSE HERE IS DISCUSSED

BIG BARITONE

LEONARD WARREN

Currently celebrating his fifteenth anniversary with the Metropolitan Opera, Leonard Warren, distinguished baritone, will appear in concert here on February 27, at Sunset Auditorium at 8:30 PM.

Noted for his concert, radio and television appearances as well as his operatic portrayals, the baritone has won a popular following outside of the opera-going public with his singing of such familiar songs as Kipling ballads and Sea Chanties, many of which he has recorded for RCA Victor. Mr. Warren is currently on a transcontinental concert tour arranged by Impresario S. Hurok.

The baritone was among the artists chosen to open the Met this year in the new production of "La Forza del Destino." He will also star this season in his sixtieth Metropolitan "Rigoletto," his fiftieth "Aida," and his twenty-fifth "Pagliacci." Last winter's hit production of "Rigoletto" was built around Warren's famed interpretation of the title role.

In addition to his appearances at the Metropolitan, the San Francisco Opera, the Cincinnati Summer Opera, with major symphony orchestras, and in recital throughout the country, the New York baritone starred for six consecutive seasons at Buenos Aires' Teatro Colon and Rio De Janeiro's Teatro Municipal.

In 1945, the Department of Culture of Sao Paulo cited Warren for his brilliant operatic performances. Cont'd on Page 9

STANFORD CONCLAVE

Nearly 400 Stanford alumni and friends from Santa Cruz, San Benito and Monterey Counties are scheduled to attend the Fourth Tri-County Stanford Conference Monday, February 23, at Monterey Peninsula College. Dr. C. Arthur Spaulding of Monterey will be general chairman.

Residents of Carmel are to take leading parts in this outstanding annual meeting, with Stafford Hughes of Carmel, president of the Monterey Peninsula Stanford Club, to officially welcome speakers and introduce Douglas Whitaker, Stanford Provost, who will give the main address in the morning on "University Education and National Strength!"

Dr. Carol McKenney of Carmel will be a discussion leader following Dr. Russel V. Lee's talk on "The Health of the Nation".

At close of Hugh H. Skilling's address on "Cambridge, England: 1952," Jack Paddock of Carmel will be chairman, Charles McHarry of Carmel a discussion leader.

Robert U. Ricklefs of Pebble Beach is to be discussion leader following the talk by James D. MacConnell on "Planning for Tomorrow's Schools."

Other outstanding Stanford speakers and their subjects in the afternoon are Rolf L. Bolin, assistant and director, Hopkins Marine Station, "Voyage of the Galathea;" Shau Wing Chan, "Behind the Bamboo Curtain;" Thomas A. cont'd on page 10

AUDITORIUM HERE IS FAVORED BY MANY CITIZENS

Corum Jackson, Tinsley Fry and Elmer Zanetta have been selected to name a committee chairman for the auditorium project. The general committee met Monday and heard an expert on auditorium management, Col. Mark Hillary of Salem, Oregon, discuss the advantages such an institution may offer to a community.

He stated that a well operated institution of this type could be self-maintaining; that as a medium for attracting conventions it would add much to the area's economic benefit.

George Clemens, President of the Monterey Peninsula Chamber of Commerce, presided at the Monday meeting which was held at Casa Munras. He gave the group the tabulations received to date on the poll recently conducted.

Of 224 votes, 204 favored an auditorium; 17 opposed. The great majority, 167 to 37, expressed the opinion that the project should be a joint Peninsula affair while 131 of the group favored financing the project through a bond issue.

The tempo of the committee activity is expected to increase and the area may be called upon to vote on the issue within a few weeks.

MAJORITY FAVOR SUCH A PLAN

The question of whether to campaign for the location of the summer White House here on the Peninsula is receiving a lot of discussion.

While the majority of those interviewed appear to favor the plan, at least two Carmel City Officials have registered definite opposition.

Councilman Francis Whitaker looks upon the scheme as detrimental to local public interests and still another member of Carmel's official family who wishes to remain anonymous, likewise believes the results of such a plan would be unwise and unfruitful.

Mr. Whitaker points out that the population increases here have left the city with other major problems which should be solved, in his judgment, instead of dissipating energies at this time. Better schools, improved highways and streets, solution of traffic problems, and more city beautification are the paramount problems facing the area according to Mr. Whitaker.

Many other officials and community leaders believe that the location of the summer White House here would be a great boon to the area. It would, as many point out, bring thousands of additional people here during the summer months and at the same time prove one of the greatest advertising mediums the area has ever enjoyed.

The question of suitable facilities is also being widely discussed. Many believe that some location in the Del Monte Forest area would be found to be available.

Resembling a land-going whale, the Army's newest experimental amphibian, the BARC, will be seen off the Carmel and other Peninsula beaches during the coming month as the Army tests it in the rough surf and unusual terrain of the Monterey coastline. Its driver, SFC Jim Preston, stands by the cab of this world's biggest amphibian vehicle weighing 98 tons, carrying a 34-ton Sherman tank, or 100 tons of ammunition or its equivalent. Its wheels, 9 feet high leaving a tread mark a yard wide, are powered by four separate motors. Two motors turn its twin screws. All four wheels can be steered, permitting the vehicle to "crab" sideways as well as progress in conventional directions.

ROSE TATTOO SCORES WITH AUDIENCE

A treat is in store for theatre-goers who haven't seen "The Rose Tattoo" at the Wharf Theatre which will continue for at least three more weekends.

The play is a comedy by Tennessee Williams and directed by Thomas Brock. The entire action of the play takes place in and about the house of Serafina Delle Rose in a Sicilian village along the Gulf Coast, between New Orleans and Mobile.

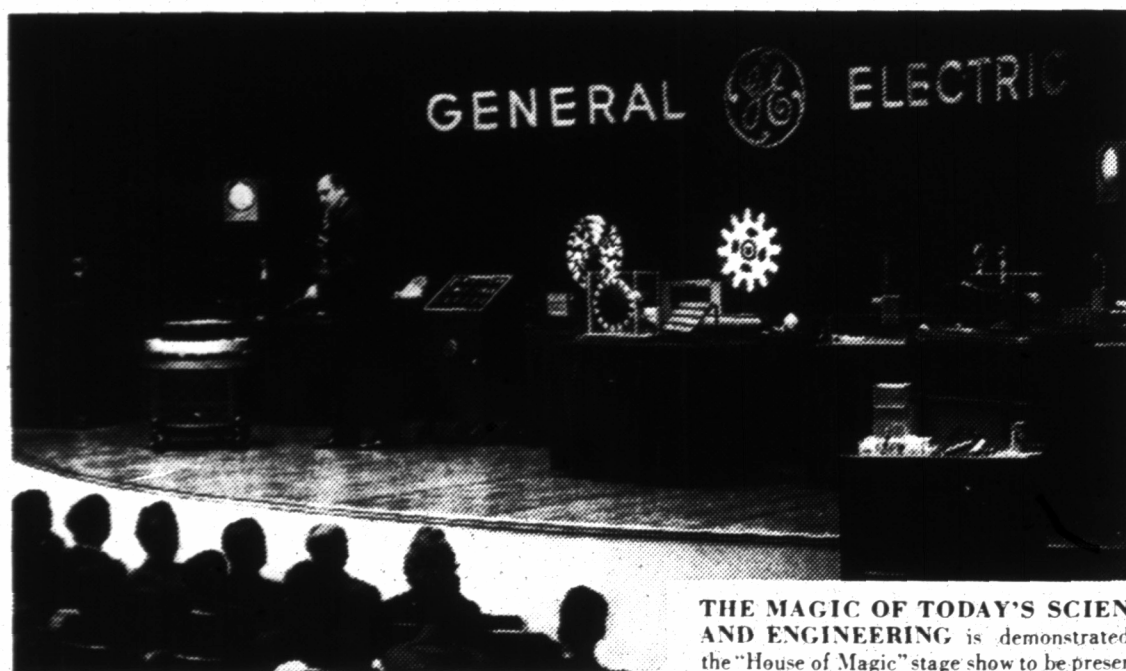

Ruth Warshawsky as Serafina Delle Rose gives a superb performance as the emotional, dramatic, idealistic Serafina. Martin Beck in the role of Alvaro Magiacavallo, the fiery Sicilian lover leaves the audience gasping for breath. Barbara McMahon as Rosa's daughter has a difficult part which she does with remarkable ability and effectiveness. Do see it if you haven't already. It's indeed a four-star performance. Listed below is the cast of characters:

GIRL SCOUTS TROOP 1 MEET

The Carmel Girl Scout Troop 1, 7th Grade, led off with a flag salute, followed by Grades 1-2&3 presenting a play, "Valentines Go Visiting".

Mrs. Beatrice Rea's 7th Grade read a poem, "Lincoln, Man of the People" by Markahm and the grand finale was sung by 5th, 6th and 7th grade Choristers.

Their "own" church, the Carmel Valley Community Chapel, is that indeed for its members who are helping pay for the recently completed Sunday School addition by buying floor space in amounts from several square feet at \$7.50 per square foot, to a kiddies' special at 10¢ a square inch. In the photo, Mrs. Ed Capon stands in the piece of church she has picked out for her own, while little Sue Ashley and teen-ager Shirley Danielson are also quick to pick out theirs. The church fathers noted happily that even before the floor space was put on the open market, over \$100 had been subscribed.

ANGOLA WEST AFRICA ---

By William B. Dillingham
BELGIAN CONGO: - Nothing seems brighter than a smile from ear to ear. That's the way Pierre smiles when you ask him about his wife.

Pierre bought her about a year ago. It wasn't anything unusual exactly, because Pierre is a native of the Belgian Congo.

The story of how he came to having a wife is a story of considerable expense. Natives feel that things gotten cheaply are

little endeared. This concept encourages the parents of young girls to make wife-purchases as expensive as possible.

In Pierre's case this was no exception. The Matrimonial road was quite a hard one. It began when Pierre took an interest in a 16-year-old native girl named Paulette. He confronted her parents with presents for the initial introduction. When it was established that Pierre wanted Paulette for his wife, negotiations began.

He paid her parents about 20 dollars in brief installments. Every

visit required a bottle of gin or brandy for the father, candy for the mother, and odd presents for other members of the family. This Santa Claus period carried on for about a year until it was finally decided that Paulette could marry Pierre.

When the good news was broken to Pierre, his ear-to-ear grin - so typical of the natives here who live in a pineapple-cocoanut-bana simplicity - beamed out like sunshine.

The long, hard road wasn't finished, though. As a sort of final, frustrating bottleneck, Pierre's future brother-in-law called aside his sister and kept

her at home for several months while Pierre was obliged to pay him 3 dollars per month.

A continuous string of presents to the parents are necessary while there is still any doubt about the bride's future. Even after the marriage the parents expect a dole once in awhile.

Several months after the wedding, Pierre's wife gave birth to a baby girl.

Pierre's ear-to-ear grin beamed out with pride. He now had a daughter. A lucky and fortunate thing, indeed. Someday he, too, would be the receiver of presents. He looked forward to the day when an enthusiastic

suitors would call at his straw hut with bottles of gin and brandy.

Pierre is a happy family man. Just ask him. His expression will convince you that life under the African sun can be one continuous joy!

'SHOP' TALK

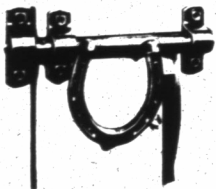

By Kate

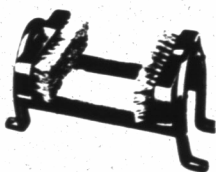

"HI-OH SILVER! -- or TALLY HO!" a brisk sunny morning off horseback riding we go! So equestrienne fans, stop in at the BOOT and SADDLE

Have Frank Flynn show you the latest in "horsey" equipment -- The LUCKY LATCH

will keep the horse in the barn before the horse is stolen! and for those muddy, dusty boots, this BOOT SCRAPER

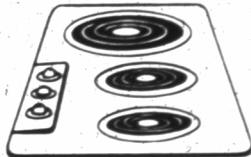

is just the ticket and will keep Mother's freshly-scrubbed floors from being tracked up and incidentally, give you an "inside track" to Mom. The Scraper and Latch are hand made by Walter Waters of Fair Oaks, Calif., who combines business with his hobby (horse) - Ha! in making these useful and smart-looking "accessories".

Speaking of Food -- (and who was?) have you seen the most ultra-ultra in kitchen equipment at Wilder & Jones? Its THERMADOR, the original "BILT-in" electric range with separate oven and cooking top - gives you complete flexibility of kitchen design -- you can locate the oven wherever you like at a BACK-SAVING, EYE-LEVEL

Height! -- and choose from five cooking top models that fit standard-size kitchen counters.

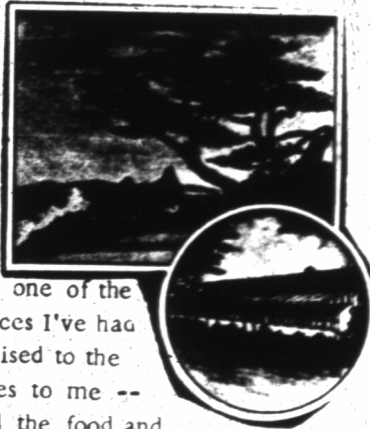

Have you noticed the wild-strawberry plants used as a "flooring" at the base of the trees in PUTNAM & RAGGETTS?

Good idea for ground covering instead of a lawn. Mr. Raggett says that once in awhile even a strawberry appears.

Have you had a BABY LUNCH, I mean, at the counter in back of the TOP HAT Market in Pacific Grove -- The most delicious home-cooked food for the least money on the Peninsula.

Just think .. I've lived in Carmel for over two years, and had dinner last week for the first time at LOVER'S POINT INN in Pacific Grove, and What a Dinner!

It's one of the places I've had praised to the skies to me -- and the food and environment surpassed even my expectations! I was "treated" to a sizzling Filet Mignon Steak dinner -- (and for less than \$2.00, too!) -- even thinking about it now makes my mouth water!

Whether golfing, or "pink-tea-ing", the colorful blouses at Kramer's are the answer to What to Wear! For golfing or sport, the Hill-Day shirt styles, which, too, are in a wonderful variety of colors and materials.

I fell for the stunning red plaid one -- as a contrast, KRAMER'S have a choice of dainty muslins and nylons by Adelaar and so appealingly feminine.

This is not "FOR THE BIRDS" but for Bird Lovers! Lillian Grace Paca has finally succumbed to public demand and put into book form her well-known articles on birds which have appeared from time to time in the Monterey Peninsula Herald and other local publications. The book, entitled "Introduction to Western Birds", is not only written but illustrated by Miss Paca, published by Sunset Magazine, and has been approved

by the Audubon Society.

You may meet Miss Paca in person Thursday afternoon, Febr. 26, at 2:00 PM in the Book Department of Holman's and get an autographed copy of this beautifully illustrated and charmingly written book.

GORGEOUS WEATHER! BEAUTIFUL COUNTRYSIDE! -- to really get a "close up" view of the beauty spots on the Monterey Peninsula and have fun and exercise as well -- Rent a bike from the Carmel Sport Shop, San Carlos between 5th & 6th, or at Pacific Grove Beach -- a perfect way to spend the day - you have your choice of 3-speed lightweight English bicycles or American makes at only \$2.50 per day -- or 75¢ for the first hour and 50¢ per hour thereafter.

Rehearsing their love scene in "The Queen's Husband," dramatic comedy of court intrigue opening March 5 at the Golden Bough Playhouse, Howard Levinson as Frederick Granton, and Rosamond Goodrich as Princess Anne, are glimpsed in a candid closeup. Levinson is a veteran of many Carmel productions, while Miss Goodrich is a newcomer to the Peninsula stage, arriving recently from South Africa. The production, authored by Robert Emmet Sherwood, will be the first presentation of the Golden Bough Players in the reconstructed theater.

His Highness, King Eric III (Lloyd Weer, to veteran theater-goers), tries his hand at checkmating Phipps, the royal butler, portrayed by Norman P. Romwall, in this scene from "The Queen's Husband," which opens March 5 at the Golden Bough Playhouse. Weer stars in the Robert Emmet Sherwood dramatic comedy, which is the Golden Bough Players' first production in their reconstructed theater. Edward G. ("Ted") Kuster directs the piece.

FORMER CHIEF OF STAFF IN CARMEL

Colonel Paul G. Hollister, former Chief of Staff of the 7th Armored Division at Camp Roberts, recently paid a brief visit here.

The colonel is presently enroute to his new job as chief of staff of the Icelandic Defense Force.

After leaving Camp Roberts, Colonel Hollister attended the Armed Forces Staff College in Washington, D. C. He has had

a long and distinguished military career, and wears the Silver Star with Two Oak Leaf Clusters, Bronze Star with Oak Leaf Cluster, and Combat Device, Air Medal, Combat Infantry Badge, Distinguished Unit Citation and Pacific Theater Ribbon with four Campaign Stars and Arrowhead for amphibious landing.

While the colonel is in Iceland, Mrs. Hollister will make her home here. The Hollister's son, Myron, will continue his studies at Stanford University where he is in his sophomore year.

STAFF WIVES CLUB IN BALI ROOM

At the invitation of Staff Wives Club of U. S. Naval P. G. School, Kathleen Byam Stuart spoke at the monthly meeting last Thursday in the Bali Room.

Telling the story of Del Monte as the background of the school, Mrs. Stuart related it to its setting in Peninsula history, and wove it around, as a central theme, the Bergdorf mural which was in the Chapel - which was formerly the Gold Lounge of Del Monte.

Public Information Program—Maryland No. 200-B

The miracles that come in cans

Once upon a time oranges were rare, expensive luxuries. Only the richest kids in town could afford them. If you were lucky you got one a year—in the toe of your Christmas stocking.

Today, millions enjoy healthful orange juice packed in cans. The vitamins and minerals you get this way are just one example of an everyday miracle of modern living that every Maryland family takes pretty much for granted.

What brought about this miracle—and many others like it? The answer is simple. It was your demand for better, more appetizing, more healthful foods of all kinds. These demands were met by American business (including American Can Company), devoted to bringing you better products at lower cost.

Satisfying your needs has created

thousands of jobs in farming, food processing and distribution. It has required a lot of research—which has produced better and more convenient food containers. It has increased and stabilized farm income. It has even meant higher property values in some areas.

In fact, it would be hard for you to go through a single day without enjoying many of the benefits that have resulted directly from the activities of the canning and can-making industries in your State.

The 35,000 American Can Company people are proud of their part in this story of industrial progress.

Your free choice in buying more and more of what you need in cans has enabled them to perform many miracles in the past—and to promise even greater things in the future.

AMERICAN CAN COMPANY

PAINFUL FOR OFFICIALS

It isn't the sinning—it's getting caught that proves so painful for many public officials.

SOCIALISM OR MEDICINE

Remember this—there would be more socialism than medicine in socialized medicine.

The painting depicts the landing, in 1602 of the Spanish explorer Vizcaino, accompanied by Father Ascension on the shore of "the noble harbor" of Monterey ... named for the Spanish viceroy in Mexico City.

Part of the Peninsula's earliest history, the vividly recorded moment, carried over impressively, the speaker said, to the painting's present use above the altar in the converted chapel. The conversion of the chapel was the work of the late Rear Admiral E. E. Herrmann who said of it, "The conversion of the chapel needed nothing but imagination".

EVA GUSTAVSON

By: Grebe DeSmidt

Eva Gustavson gave a divine performance, to full house, at the Women's Club of Carmel last Sunday. She competed with the gorgeous sunshine outside. Her eyes, her smile, her sadness; they all expressed the mood of the music and the deep, deep notes of her voice vibrated with warmth and exquisite feeling.

Handel, Brahms, Schubert, R. Straus, Sibelius and Grieg. No program could be better. Sibelius was sung in Swedish. It is too bad we do not hear more of Sibelius; his music plays on your heartstrings, it is full of beautiful sentiment and sung by Eva Gustavson it just takes you away to another world.

As The Crow Fries

By Ric Masten

Some of the kind people who read this column have asked me to run some of the lyrics to last year's musical comedy, "That's The Ticket". They wanted especially to see the words to the song, "Book of Dreams", and why and how the song was written. Well, there isn't much to the story. Don Adams had a fine tune, and Mike Monahan had created a touching situation in the story. They both looked at me and I had to reach down into my silly old romantic soul, and say something sentimental. And so, after a week of sentimentality, and much thumbing of my trusty rhyming dictionary, the words to "Book of Dreams" were born.

BOOK OF DREAMS

Every man writes a book of dreams
That tells the tale of hopes and schemes

Of towers tall and marble stairs
And answers for his prayers.

I'll dedicate my book to you
As dreams unshared are dreams untrue
If no one cares your towers fall
And answered prayers are few.

High on the shelf were my dusty words
In a musty book with meanings blurred
Once I dreamed alone and my lonely dreams
Were all unheard.

But since you have climbed my marble stairs
And filled my tower with answered prayers
The pages gleam for you are there

There in my book of dreams.

Ramone S. Eaton (left), Vice President of the American Red Cross dropped in from Washington, D. C. over the weekend and was a guest of painter Linford Donovan and her husband, J. F. S. Donovan, in their Hatton Field home. During the weekend, Mr. Eaton made a trip to the Carmel Art Association Gallery to see Mrs. Donovan's portraits on exhibit there. Mr. Donovan, during the recent war, was head of military activities for the American Red Cross.

DELTA KAPPA GAMMA HELD CONFERENCE

Monterey Peninsula College was the scene on Saturday of the state conference for Region 111 Delta Kappa Gamma, national honor society for women in education.

The meeting was open to the public, and educators from four counties gathered to hear speeches and take part in discussion groups.

General theme for the sessions was Public Relations -- Consolidating Our Resources to Build Better Schools. Mrs. Persis Cowan, curriculum director for Marin County, state president of Delta Kappa Gamma, gave the keynote address, stressing community cooperation and giving a survey of such work in other parts of the country.

The Luncheon meeting at Casa Munras, had as its speaker a talented layman, Steve Magyar, of Pacific Grove, who had chosen as his subject, "We Build Together". In his dynamic talk he emphasized the importance of a good foundation with character training and good ethical teaching.

MONTEREY DRUM AND BUGLE CORPS

Looking for a way to reduce that waistline...? spend that excess energy...? for free and have fun doing it? The new MONTREY DRUM AND BUGLE CORPS is opening its membership to all Legionaires. Experience is not

necessary...just a will to learn. The new Drum and Bugle Corps is sponsored by the American Legion Posts of Carmel, Monterey, Seaside and Cypress Point and we're sure will prove to be the pride of the Peninsula. If you "Love a Parade", have the urge to beat a drum or blow a horn, call your Legion Post Commander for details... or better yet, come on over to the Monterey Penin-

sula Drum and Bugle Corps open house meeting Friday evening, 8:00 PM at the new Fremont Junior High Cafeteria on Kimball Ave., Seaside, and see for yourself.

Meetings and rehearsals will be held at this location each Friday evening... visitors welcome.
